POR BOARD OF PURLIC WORKS. David H. Beardsley, of Cuyahoga CITY OF LANCASTER:

Wednesday Eve'ng, Aug. 11, 1852

The Locofocos don't like a two-edged sword. Their papers may blackguard Whig citizens and the Gazette as much as they please. There is nothing wrong in this, oh, no. Their orators can blackguard the Gazette at every Club meeting, and there is no wrong in this, not by any means. But the moment the Gazette retorts upon them, the matter assumes another form. Then it is all wrong. Ah! gentlemen, we know our rights and our duties, and ask not for your advice. We owe you nothing. We don't intend to owe you anything; but would advise you to take the beam out of your own eye, before you desire to take the mote out of your brother's. If any of you desire the Gazette to leave you alone, just let the Gazette alone. We own it, we control it, and we do not intend to allow every Locofoco who can talk or write, to blackguard it with impunity. You may as well understand it first as last, and should any of you get worsted in an encounter which you yourselves have provoked, don't go to begging for mercy. We like to treat every body as gentlemen, but when they won't be treated in this way, why we can't help it—that's all. When we are fairly in, we won't back out, and shall generally use such phrases as suits the taste and inclination of those about whom we are talking.

NOTICE TO MY FRIENDS.

A Sthe track of the Rail Road passes through my land and many persons, ladies, gentlemen and children, in large numbers anxious to see the work, without thought, pass through the gates, leaving them open so that the horses and cattle get away, and the constant passing through the fields tramples down the grass, subjecting me to much annovance:—This is most grass, subjecting me to much annovance:—This will give them no additional trouble and save me much. My willingness to gratify the public in any reasonable way, I think will not be doubted, and I trust in this respect a word to the well-disposed will be sufficient. Most respectfully. D. TALLMADGE.

We are informed that it was not the wish of Mr. Wood, on Saturday evening last, Every Variety of Family Groceries, Proto make a speech, but that he was fairly compelled to take the stand by a few of the Locofoco leaders in this city, much against his inclinations. They are entitled to all they can make out of it. This thing of coaxing others to do what we are ashamed to do ourselves, is despicable. Men who can induce others to get up and accuse Gen. Don't Like It.—The Locofoco press continue to express dissatisfaction with the Niagara Convention. They would rather, if we may judge from their grumbling, that the battle of Lunday's Lane had never been fought. It would seem, also, that Whigs have no right to hold Conventions; it is absolutely disgraceful; out of place, out of character. The Democracy alone are entitled to this privilege. We may add that they are as much dissatisfied with the Hero of Lundy's Lane as with the celebration.

Look out for Counterfeits'.

The public are cautioned against another counterfeit, which has lately made its appearance, called W. B. Farrell's Arabian idminent, the most dangerous of all the counterfeits, because his having the name of Farrell, many will buy it is good faith, without the knowledge that a counterfeit exists, and they will perhaps only discover their error when the spurious mixture has wrought its evil effects.

The genuine article is manufactured only by H. G. Farrell', sole inventor and proprietor, and wholesale druggit, No. 17, Main street Peoria, Illinois, to whom all applications for Agencies must be addressed. Be sure you get it with the letters H.G. before Farrell's, thus-H. G. Faarkell's—and his signature on the wrapper, all others are counterfeits.

This Essence has been proyen by many thousands of the richest and most respectable families, as well as by the poorre class of people, almost through the whole United States, to be by farthe best proparation of coffee ever offered to the public. Coffee made by this Essence is much more who ecome, more delicate, finer flavored, perfectly clear, and, in every instance, superior to the finest Java Coffee.

In order to give full satisfaction and proof that the above article is perfectly healthy, and to show something of the deserved reputation it has gained and just by entitled to, we annex's few certificates and recommendations, particularly relating to heath, from Dr. Booth and Dr. Childro, practical chemists and Emily sists of the cities of Philadelphia, September 3, 1851.

I have examined the essence of Coffee manufactured by Hummel, Bohler & co., and find that its constituents are not in the least injurious to health, it may be used free y and with perfect safety.
